

Morris & Jue

Hello

AND THANK YOU

WE ARE
Morris & Jue
we're from
LOS ANGELES, CALIFORNIA

WALKING AROUND OUR NEIGHBORHOOD

DEAR PARENTS,
♡

WE THANK YOU

for the opportunity to
share about ourselves
with you.

We would like to introduce ourselves as a
MARRIED PROFESSIONAL COUPLE, who
are **KIND, RESPECTFUL** and ready in time and
resources for our decision on adoption.

We also want to show who we are and what
kind of life your child will have with us. We
know that you make this decision full of love
for your child and we love and respect that.

We met at a
Toastmaster Club
meeting.

Our Story

ENJOYING AN EVENING AT HOME

We were practicing speech and improving our communication and

leadership skills. It might have been Jue's speech on "My Favorite Movies" that touched Morris's heart. Later, we found out we have many things in common, we have similar interests: **we both like movies and watch sports on TV, tennis, basketball, and football.**

We also like to go to the beach on the weekend. Our similar outlooks on life also brought us closer.

We are professionals with stable jobs. **Morris graduated with 3 masters degrees. He is a professor in college.** Jue graduated with a Master Degree in Biochemistry and worked as a biomedical researcher in stem cell and cancer research for many years. Now, **Jue has her own business so she can have a flexible schedule and prioritize taking care of our family.**

Why

we're adopting

WE ARE EXCITED ABOUT THE OPPORTUNITY TO ADOPT A CHILD. We are both established in our career and we have time and resources for a child. We both came from traditional and large families. Our parents are very loving, supportive and they have empowered us in life. **We would like to give that kind of love, support, time and resources to our child.** Adoption has always on our mind and we put it in action as well. After we spent time caring for our 2-year old foster daughter, our love and feeling toward her grew each day. We are extremely confident and excited to adopt a child.

READY FOR DATE NIGHT

GIVING A SPEECH

Meet Jue

BY MORRIS

Jue cooks well and also bakes banana raisin bread. She enjoys cooking Chinese food, like egg rolls, dumplings, beef noodle soup, sweet sour chicken or any stir fry. She does well balancing the taste and healthy food.

Jue is a great planner. She is good with planning a weekend trip or international trip. She is efficient during the weekends, in one day: visit the mall, eat out and then buy groceries before going home. She travels to China, Europe and different places in the U.S.

For fun, Jue likes to play Ping Pong and participates in local competitions. She won gold medals in women's doubles match! Jue started learning piano during the pandemic and grew more interest ever since.

More About Jue

WRITTEN BY JUE • My friends describe me as responsible, dependable, supportive, and a problem solver. One of my favorite quote is "A thousand mile journey starts with a first step".

I have many interests and they keep me happy and inspired. I look forward to sharing these with our child. I like to eat good food, exercise routinely and stay healthy and fit.

For many years I worked as a biomedical researcher in universities. I participated in stem cell and cancer research and co-authored a few research papers. Now, I work as a small business owner, it has allowed me flexible working hours and the ability to work from home. This will help me to be the main care giver to our future child.

READING POETRY

Meet Morris

BY JUE

Morris loves to watch sports on TV, the remote control is his favorite toy in the house. He watches basketball, tennis, football, soccer and Ping Pong, and more. He is called a professional sports commentator in the house.

Morris also likes to play tennis on the weekend, he even bought a tennis serving machine so if no one is at the tennis court he can play by himself and have fun.

Morris has become a well rounded home owner. He's been a plumber, (fixed small stoppage under sink), an electrician (replaced a broken switch), and a gardener (when landscaping is needed).

CELEBRATING BIRTHDAY

More About Morris

I am a college professor. I love my job and my students. I value the connections that I make with my students, we quickly form a tight bond. Many of my students continue taking courses with me throughout their student life. I enjoy keeping in contact with former students and see their careers unfold. I believe that life is a learning experience. I can learn something everyday from my students, obstacles or daily situations.

I love relaxing at home watching sports or movies (action, sci-fi and classics are my favorite). I also like to play chess on the computer. Staying active is important to me and I enjoy playing tennis, ping pong and frisbee. I enjoy taking advantage of the beautiful California weather and going to the beach with family or having get togethers.

OUR FAVORITE
THINGS ABOUT
**LIVING IN
CALIFORNIA**

- We can visit the historical and fun sites as often as we want: Disney, Hollywood, New Port and Huntington Beach
- We also have a great school system in the neighborhood and many universities: Caltech, UCLA, UC San Francisco and more!
- We enjoy the diversity this Southern California brings: ethnic diversity in food and culture

JUE LOVES PLAYING THE PIANO

A FUN DAY AT THE TENNIS COURT!

Our Promises

- We will treat the child like our own
- We will devote unconditional love, support, time and resources to help realize our child's potential
- Our child will get well-educated, learn to respect others and be compassionate
- Our child will grow up having fun, staying active and also learning to be independent

In Closing

THANK YOU

SO MUCH FOR TAKING THE TIME
TO CONSIDER US.

We promise your child will grow up in a safe and pleasant environment with love and support. We will provide the best possible education, experience, and wide perspective while growing up. Therefore the child will have more options in life and will be valuable for his or her community and make the society proud. We hope our child will be kind, compassionate, well educated and cultured, respectful, and responsible.

WE LOOK FORWARD
TO HEARING FROM
YOU!
