OUR STORY

We like to think that our story is the ultimate love story! We met online as people do. We decided to go for a walk for our first date. From the moment we met it was instant love. That first date lasted hours of us walking, holding hands and sharing stories. One date led to another date and another date. We soon wanted to be together all of the time, so we moved in together, got engaged and then got married. We honestly believe we have the greatest relationship.

JORDAN

ABOUT JORDAN

Besides being a husband and a dog dad, being Christopher's father is the most amazing part of my life! I feel like I am in the right place at the right time to have another child. I am originally from San Diego and moved to Los Angeles when I was 20 years old. I have a big personality and usually am always talking. My favorite thing in the world is spending time with Adam and our three dogs. I own my own maintenance business and I am a very ambitious person. When I am not working. I love being outside and exploring Los Angeles. It's such a vast city with so much to do, I am never bored. I love food and am always excited to try new restaurants and to spend time with our friends. I love baseball and love to go to the Dodger Games.

ADAM

ABOUT ADAM

I grew up in Florida and after college, moved to California to find love and new career opportunities. Now I own a company that makes dog food, and I got very lucky in finding Jordan, the love of my life. We have three adorable and loving dogs and are very excited to welcome another child into our home. I am a quiet person because I am a deep thinker. When not spending time with Jordan exploring Los Angeles, you can find me reading, cooking in the kitchen, or watching the Florida State University Seminoles play football or basketball on tv. I also love the outside and all the warm weather California has and can't wait to share all my favorite activities with my future children as a parent.

OUR WONDERFUL FAMILIES!

Jordan's family lives close by in San Diego and we spend as much time with them as we possibly can! Adam's family lives in Florida and while we don't get to see them as often, we Facetime all the time and everyone visits regularly. Family is very important to the two of us!

THANK YOU!

We cannot thank you enough for taking the time to look over our booklet. Both of us and Christopher plus our three dogs cannot wait to have another child welcomed into our family.

We live in the suburban part of Los Angeles with streets filled with tall trees and kids riding their bikes and running around playing with each other. We live close to everything including wonderful activities, restaurants and the beach which is about 15 minutes from our house.

We look forward to getting to know you!
