

Adam and Amber

Dear Birthparents,

Hello! If you're reading this, that means you may be considering us as potential parents for your child. It's hard to put into words in such a small space what that means to us. The choice you have made to pursue adoption is so incredibly selfless. While it's difficult to give you the full picture of who we are through a profile book, we hope the following pages give you an idea of the joy and love we will bring to your child's life as a part of our little family. Your child will grow up around friends and family who will impart countless laughs, life lessons, and fond memories. More than anything though, he or she will be so incredibly loved. We hope you find strength and comfort and we wish you all the best.

Adam and Amber

Meet Adam

I am a fiercely loyal friend just looking to enjoy the simple things in life; friends, family, and community.

I value communication, patience, hard work, and dedication to doing what I love. I enjoy reading, painting, music, and gaming.

t

I am the assistant manager of a local hobby and game store. I take great pride in the community my coworkers and I have been able to build. They are just as excited as I am to welcome a new member to the family.

Is it really work if you love it?

Meet Amber

I am a very compassionate and empathetic person. I have a positive attitude and always try to look on the bright side.

In my free time I enjoy baking, the occasional video game, puzzles, and spending time with family, friends, and dog.

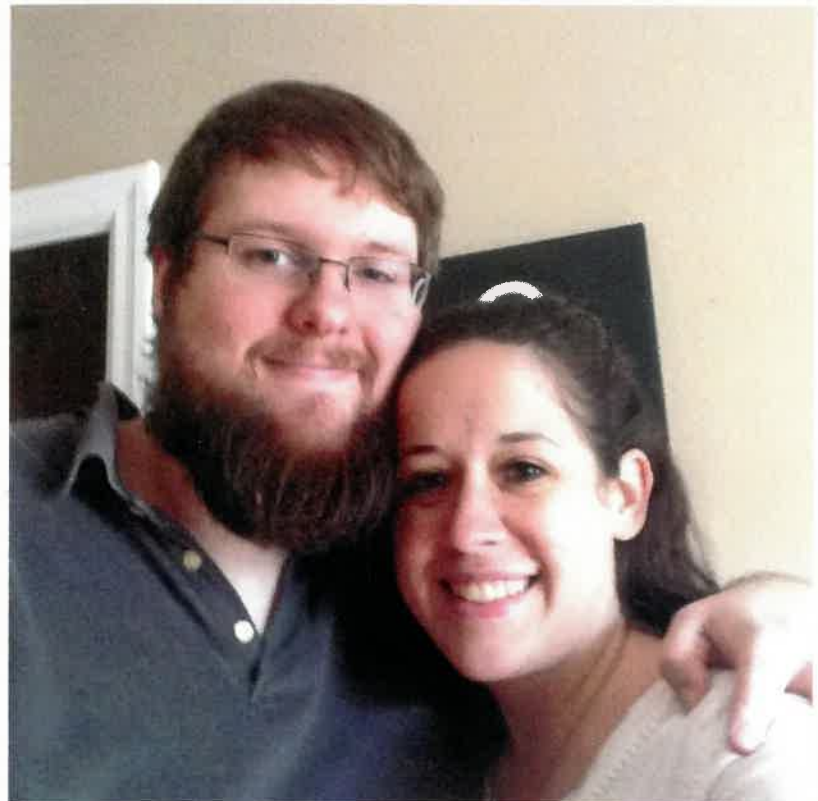

I have been teaching elementary school for 12 years and currently teach second grade special education. I absolutely love working with children and seeing them succeed. My colleagues are very supportive of adoption and are looking forward to adding a new member to the family.

Our Marriage

We began dating in 2009 and have been happily married for 10 years. We are each other's best friend and believe that communication is key to our marriage.

Life simply.
Love always.

Our Home

We live in central Kentucky in a town that provides many opportunities for children, such as parks and a library. We are also close to a larger city which provides many children's museums and a zoo.

Puck is a year old. He is energetic and affectionate and enjoys chewing on his bone, napping, and taking walks.

Sisters

Adam has two sisters, Trinity and Jordin. We enjoy spending time with them whether it is watching a movie or having dinner together.

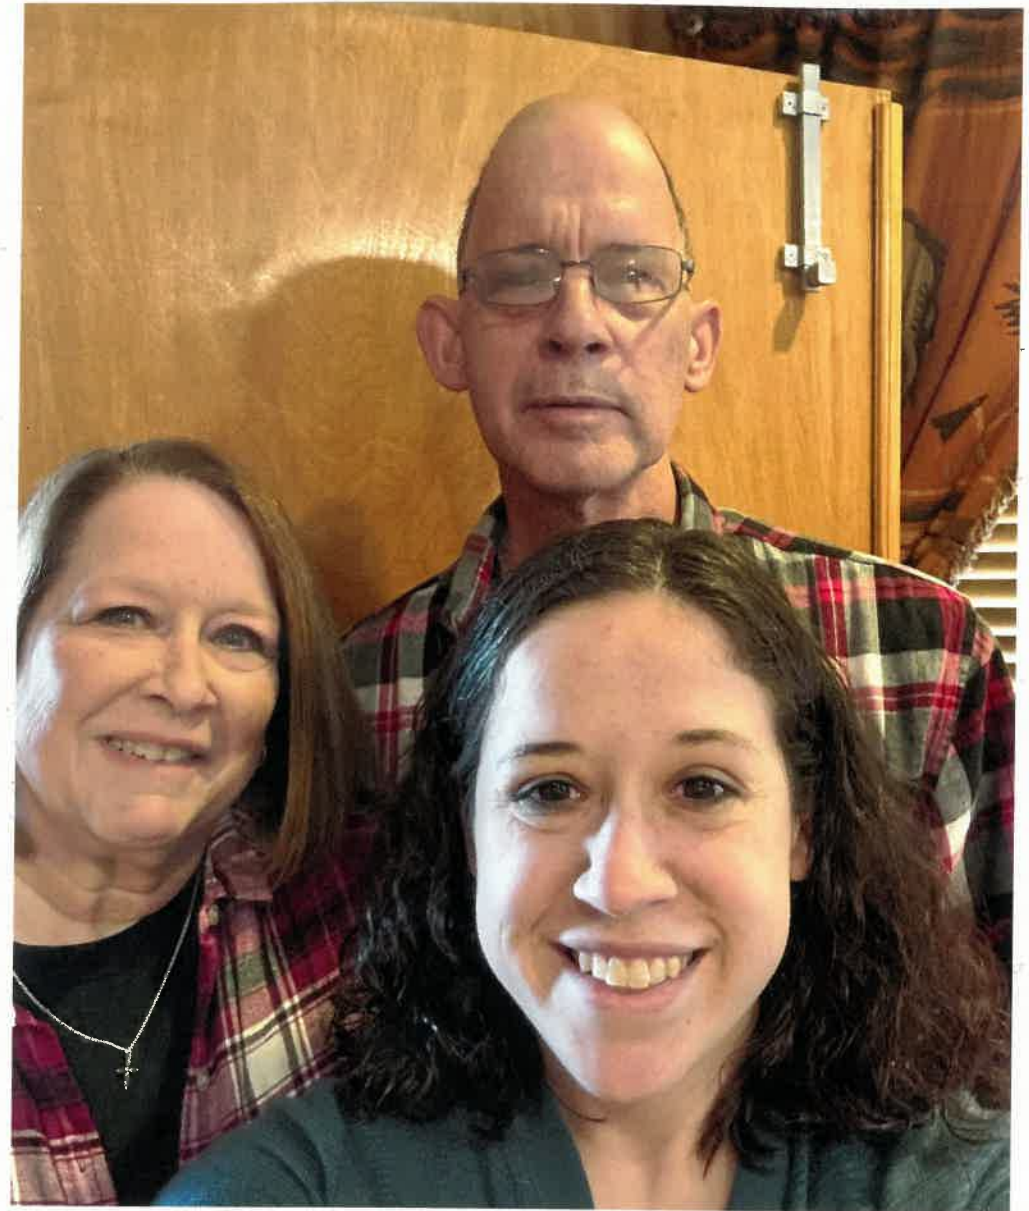

Our Parents

Our parents live close by and are thrilled to welcome a baby into the family through adoption.

Both of our moms are excited and ready to play a very active role in helping to raise a little one through ongoing support and childcare while we are at work.
